MESSAGE FROM DIRECTORS

Mr. William Lwamba Simanyama and Mr. Marcel Mulaba Mutombo are pleased to announce their company: the establishment of a logistics and commercial company in the Democratic Republic of the Congo (DRC). This project is conceived with a strategic focus on fostering economic growth and local development.

By leveraging their combined expertise and vision, Mr. Simanyama and Mr. Mutombo aim to create a robust infrastructure that will enhance logistics and commercial operations within the DRC. This initiative is designed to not only streamline supply chains and improve efficiency, but also to contribute significantly to the economic advancement of local communities.

ABOUT COMPANY

“Driving Excellence in Global Trade, logistics, and Project Solutions”

We are a dynamic and diversified enterprise committed to delivering unparalleled services. WILMAR is a multifaceted enterprise specializing in global trade, project solutions, and industrial services. With a diverse portfolio encompassing import-export, mining product trading, project analysis, and market research, we are committed to delivering excellence and innovation to our clients worldwide.

01 Our extensive expertise, unwavering integrity, and dedication to sustainability make us a trusted partner for businesses seeking strategic solutions and operational excellence.

02 At WILMAR SRL, we empower growth, drive success, and shape the future of industries through collaboration, innovation, and a relentless pursuit of excellence.

VISION MISSION

Our vision is to be a global leader in driving sustainable growth and innovation across industries. We aspire to redefine excellence, inspire positive change, and shape a brighter future for generations to come.

Our mission at WILMAR is to empower businesses with innovative solutions, exceptional service, and unwavering integrity. We strive to create enduring value and make a positive impact on the world around us.

OUR OFFERINGS

1

Import-Export Solutions

WILMAR navigates the complexities of global trade with precision and agility, facilitating seamless transactions across borders and ensuring optimal outcomes for our partners. No matter how far you need a logistics solution we are open to delivering your products via, road, air, and sea.

2

Mining Product Trading

With a keen understanding of market dynamics and an extensive network of suppliers, we excel in the trading of mining products, offering strategic sourcing and distribution solutions tailored to meet diverse needs.

3

Project Analysis and Presentation Services

Leveraging our analytical prowess and creative acumen, we provide comprehensive project study and presentation services, empowering our clients to make informed decisions and captivate stakeholders with compelling narratives.

4

Market Research

WILMAR's robust market research capabilities enable us to unearth valuable insights and trends, empowering businesses to stay ahead of the curve and capitalize on emerging opportunities.

5

Project Realization and Development

From conception to execution, we shepherd projects through every stage of development, leveraging our expertise and resources to ensure timely delivery and exceptional outcomes.

6

Industrial and Mining Exploitation

WILMAR is at the forefront of industrial and mining exploitation, driving sustainable growth and innovation while adhering to the highest standards of environmental stewardship and social responsibility.

7

Spare Parts Sales in the Mining Sector

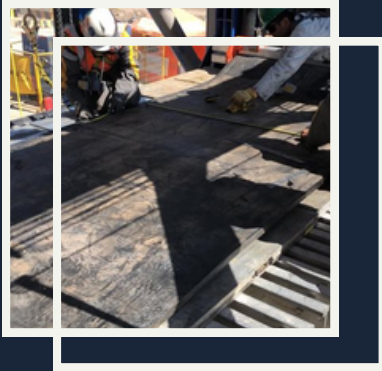

With a focus on reliability and efficiency, we supply premium spare parts to the mining sector, bolstering operational resilience and minimizing downtime for our clients.

8

General Trading and Construction

Through our diversified portfolio of services, we engage in general trading activities while also offering construction solutions tailored to the unique needs of each project.

OUR OFFERINGS

We recognize the significance of maintaining the seamless and efficient functioning of your operations, and our team is committed to guaranteeing that your mining plant is always in excellent condition. Our maintenance services span from routine maintenance to substantial repairs, and we employ the most recent and advanced techniques and technologies to provide the best possible outcomes.

Mining Plants Upkeep and Maintenance

WILMAR SARL provides a comprehensive range of maintenance services to ensure that mining plants operate efficiently and safely. This includes regular inspections, cleaning, lubrication, and repair of equipment and machinery.

Conveyor Belts Repair

WILMAR SARL has extensive experience in repairing conveyor belts for mining and industrial factories. Our team of experts is equipped to handle repairs of all sizes and types, including PVC, PU, rubber, and steel cord belts.

Monitoring, Repair, and Maintenance of Machinery

WILMAR SARL offers a range of maintenance services for machinery used in the mining industry. Our team of experienced technicians provides regular inspections, cleaning, lubrication, and repair of machinery to prevent downtime.

Detection and Repair of Faulty Spare Parts or Equipment

WILMAR SARL uses advanced techniques and tools to detect faulty spare parts or equipment and the origin of the failure. This enables them to provide effective solutions that reduce downtime and increase productivity. Our team of experts is equipped to handle all types of faults, from minor to major, ensuring that mining plants operate efficiently and safely.

Our engineering services cover a wide range of areas, including:

WILMAR is a leading civil engineering firm that provides comprehensive engineering services to clients across various sectors. Our team of expert engineers, architects, and designers work collaboratively to deliver innovative and cost-effective solutions to complex engineering challenges.

Site Assessment and Feasibility Studies

We provide site assessment and feasibility studies to determine the viability of a project. Our team conducts site analysis and evaluates site constraints, environmental factors, and infrastructure requirements to provide clients with a comprehensive report outlining the potential challenges and opportunities.

Design and Engineering Services

Our team provides design and engineering services for various infrastructure projects, including roads, bridges, water and wastewater treatment facilities, buildings, and more. We work closely with our clients to develop customized solutions that meet their unique needs while adhering to industry standards and regulations.

Project Management and Construction Services

We offer comprehensive project management and construction services, from project planning to project delivery. Our team manages projects of all sizes, from small-scale renovations to large-scale infrastructure projects.

We work closely with contractors, subcontractors, and other stakeholders to ensure that projects are delivered on time and within budget.

Environmental Engineering and Sustainability

Our team of environmental engineers provides sustainable and environmentally-friendly solutions to various infrastructure projects. We help clients develop strategies to reduce carbon footprint, minimize environmental impact and optimize energy efficiency.

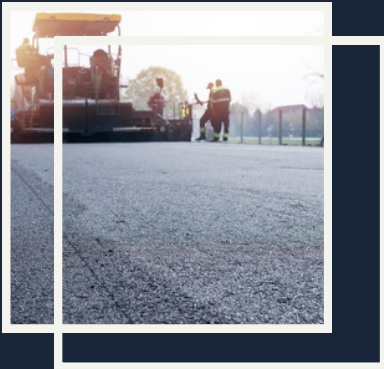

General Building

WILMAR SARL provides full-service construction and renovation for both commercial and residential properties. Our team of experts delivers high-quality workmanship, on-time and within budget. Trust WILMAR SARL to bring your vision to life and exceed your expectations.

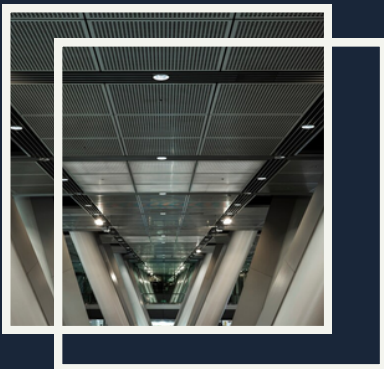

Civil Works

WILMAR SARL offers comprehensive civil works services, including earthworks, guard rail installation, storm water drainage systems, Krebs access manholes, retaining walls, and road side walk construction. Our experienced team delivers efficient and effective solutions to meet your project needs.

Road Construction & Repair

WILMAR SARL provides comprehensive renovations and demolition services for commercial and residential properties. Our team of skilled professionals delivers high-quality workmanship, on-time and within budget. Trust WILMAR SARL to transform your space with precision and efficiency.

Ceiling & Partition

WILMAR SARL specializes in ceiling and partition solutions for commercial and residential properties. Our skilled team delivers high-quality workmanship using durable and sustainable materials. Trust WILMAR SARL to create functional and aesthetically pleasing spaces that exceed your expectations.

Civil Telecommunication (Fiber Infrastructure)

WILMAR SARL provides expert civil telecommunication services, including fiber infrastructure installation and maintenance. Our experienced team delivers reliable solutions to meet your communication needs. Trust WILMAR SARL to deliver efficient and effective services that meet the highest industry standards.

OUR PRODUCTS

WILMAR SARL Spare Parts Supply services offer an extensive selection of spare parts and components, such as conveyor belt parts, industrial pumps, bolts and nuts, HDPE pipes, industrial valves, crusher parts, mechanical transmission equipment, industrial instrumentation, personal protective equipment, and more. Our team of specialists can assist clients in identifying the appropriate parts and components for their distinct requirements, and provide installation and maintenance services as necessary.

Spare Parts for Conveyor Belts

WILMAR SARL offers a wide range of spare parts for conveyor belts that are designed to enhance the reliability and efficiency of conveyor systems. Our conveyor belt spare parts are made from high-quality materials, ensuring long-lasting performance and durability. We provide a comprehensive range of conveyor belt spare parts including idler rollers, pulleys, bearings, belt cleaners, fasteners, and more.

Industrial Pumps and Filtrations, Hydraulic and Hoses

WILMAR SARL specializes in providing high-quality industrial pumps and filtration systems for a variety of applications. Our range of pumps includes centrifugal pumps, diaphragm pumps, submersible pumps, and more. We also offer filtration solutions to ensure that your process is running smoothly and efficiently.

Bolts, Nuts, Bearings, Seals, Clamps, Idler Rollers, Scrapers, Skirting, Gaskets, Fasteners, Bulk Material Handling

WILMAR SARL supplies a comprehensive range of industrial components, including bearings, seals, clamps, bolts, nuts, mechanical seals, O-rings, idler rollers, fabric expansion joints, gland packings, static seals, metal bellows, gaskets, fasteners, magnetic couplings, bulk material handling, scrapers, skirting, etc.

Supply and Installation of HDPE Pipes

WILMAR SARL specializes in the installation of HDPE (High-Density Polyethylene) pipes for mining and industrial sites. Our team of experts ensures that the pipes are properly installed and meet the highest standards of quality and safety. We provide solutions for various industries, including mining and water treatment.

Industrial Valves

WILMAR SARL provides a wide range of industrial valves for various applications, including solids, liquids, pasty, and gaseous. We offer solutions such as gate valves, globe valves, ball valves, butterfly valves, check valves, and more. Our valves are designed to ensure reliable and efficient operation in even the most demanding environments.

Crusher Parts

WILMAR SARL supplies crusher parts to the mining industry. These parts include liners, plates, and other components for crushing equipment used in mining operations. Our high-quality crusher parts are designed to withstand the harsh conditions of mining and provide reliable performance to keep operations running smoothly.

Technical Transmission and Electro Mechanical

WILMAR SARL supplies mechanical transmission equipment, including gearboxes, couplings, and more. CBA also offers a comprehensive range of electro-mechanical solutions to our clients across various industries. Our services include the supply, installation, and maintenance of electrical and mechanical systems such as transformers, generators, electric motors, and more.

Automation and Instrumentation

WILMAR SARL supplies equipment and spare parts for industrial instrumentation, including sensors, transmitters, flow meters, and more. We offer a wide range of automation solutions, from simple control systems to complex distributed control systems (DCS), programmable logic controllers (PLC), and supervisory control and data acquisition (SCADA) systems.

Supply of PPE

WILMAR SARL offers a wide range of Personal Protective Equipment (PPE) for workers in various industries, including mining, energy, and infrastructure. Our PPE products include safety helmets, gloves, goggles, respirators, safety shoes, and other essential safety gear. We also provide specialized PPE for specific job functions, such as welding masks, hearing protection, and fall protection gear.

RELIABLE ENGINE COMPONENTS AND FILTERS FOR OPTIMAL PERFORMANCE

We specialize in providing top-quality engine components and filters for a wide range of heavy machinery. Our comprehensive selection includes engine components, complete engines, and filters that ensure optimal performance and reliability.

We understand the critical role that engines play in the functionality of heavy equipment. Trust us to provide the reliable solutions you need to keep your heavy machinery running smoothly. Contact us today for top quality products.

UNDERCARRIAGE AND GROUND ENGAGING PARTS

Our comprehensive range of undercarriage and ground engaging parts to meet the needs of your heavy machinery. We understand the importance of a robust undercarriage system and reliable ground engaging components for the efficiency and durability of your equipment.

When you choose us for undercarriage and ground engaging needs, you can rely on our products to enhance the stability and performance of your heavy machinery. We are committed to providing durable solutions that withstand the rigors of demanding work environments.

RELIABLE HYDRAULICS AND SEAL GASKETS FOR EFFICIENT OPERATIONS

Our comprehensive range of hydraulics and seal gaskets to support the efficient operations of your heavy machinery. Our inventory includes high-quality gasket seals and hydraulic hose fittings that provide reliable sealing and prevent leakage.

You can expect products that enhance the performance and longevity of your heavy machinery. Trust us to provide the reliable solutions you need to maintain efficient operations and prevent down-time.

HIGH-QUALITY SPAREPARTS FOR TRUCKS AND VEHICLES

We are your reliable source for high-quality spare parts for trucks and vehicles. We understand the importance of maintaining a well-functioning fleet, and our comprehensive selection of spare parts ensures that you can keep your trucks and vehicles on the road with confidence.

Whether you own a single truck or manage a large fleet, we have the spare parts you need to address any maintenance or repair requirements. Our inventory includes a wide range of

RELIABLE SAFETY GEARS AND PERSONAL PROTECTIVE EQUIPMENT (PPE)

We prioritize the safety of our clients and understand the importance of personal protective equipment (PPE). We offer a comprehensive range of high-quality safety gears and PPE to provide optimal protection in various work environments.

Our extensive collection includes safety helmets, gloves, safety shoes, high-visibility clothing, ear protection, eye protection, and respiratory masks. Each product is carefully selected to meet industry standards and ensure the utmost safety for workers.

QUALITY HARDWARE AND TOOLS FOR EVERY JOB

We offer a wide range of high-quality hardware and tools to cater to all your project requirements. Our extensive selection includes garage and tools, power tools, and welding products.

We are committed to equipping our customers with reliable equipment that enhances productivity and delivers outstanding results.

WHY CHOOSE WILMAR ?

- Unwavering Commitment to Excellence: We uphold the highest standards of quality and professionalism in everything we do, striving for excellence in every endeavour.
- Global Reach, Local Expertise: With a global footprint and a deep understanding of local markets, we offer tailored solutions that transcend geographical boundaries and cultural nuances.
- Innovation and Adaptability: WILMAR embraces innovation and remains agile in the face of change, continuously evolving to meet the evolving needs of our clients and the dynamic business landscape.
- Integrity and Transparency: We conduct business with the utmost integrity and transparency, building lasting relationships based on trust, respect, and mutual benefit.

DISCOVER OUR BRANDS

CHEMICAL & REAGENTS

We also provide : the xanthan collector SNPX, the sulfurizing agent NaHS and the foaming agent, lime and sulfur.

OUR UNIQUE SELLING PROPOSITION

Extensive Industry Experience : With close to a decade of experience, we possess the expertise to understand your needs and deliver solutions that meet your requirements.

Top Quality Products : We prioritize quality and reliability. Our products are sourced from trusted manufacturers and undergo stringent quality checks to ensure superior performance.

Reliable Customer Service : We believe in building strong relationships with our clients. Our dedicated customer support team is always ready to assist you and provide prompt solutions.

Timely Delivery : We understand the importance of timely deliveries. We strive to ensure that your orders are processed and dispatched efficiently, minimizing downtime for your operations.

Competitive Pricing : We strive to offer competitive pricing on our extensive range of heavy equipment spare parts and components. Our commitment to affordability ensures that you can access high-quality products without compromising your budget.
